

Stormwater and MS4 Workshop Series

The WRC is pleased to announce the upcoming **FREE** workshops

Please note that each workshop is offered twice, once in each location

Each workshop will be held from 9 a.m. – Noon

Registration and light breakfast will begin at 8:30 a.m.

Please register at lduffy@spcregion.org or (412) 391-5590 x324

1

Path to MS4 Compliance: Mastering the Minimum Control Measures and Preparing for the Future

9 a.m. – Noon

Registration and light breakfast will begin at 8:30 a.m.

This workshop will provide an overview of the MS4 program, review each Minimum Control Measure (MCM) and associated Best Management Practices (BMPs), provide information on resources that are available for meeting MS4 requirements, and take a look at what to expect in the future.

Workshop presenters will be from Pennoni Associates, Inc.

April 29

Findlay Township Activity Center
310 Main Street
Imperial, PA 15126

April 30

Peters Township Community Room
200 Municipal Drive
McMurray, PA 15317

2

Make it Drain! Municipal Inspection and Maintenance for Stormwater Best Management Practices

9 a.m. – Noon

Registration and light breakfast will begin at 8:30 a.m.

The effectiveness of post-construction stormwater control best management practices (BMPs) depends upon regular inspections and maintenance of the control measures. Join us for "boots on the ground" fundamentals of inspecting and maintaining existing stormwater BMPs. Topics will include: How to identify if stormwater BMPs are functioning, common things to look for during inspections, recommendations for maintenance, easy solutions to common issues, recommended maintenance schedules, and how changes to federal/state wetland regulations may impact maintaining these areas.

Workshop presenters will be from Civil & Environmental Consultants, Inc.

June 16

Washington County Courthouse Square
Conference Room 104
100 West Beau Street
Washington, PA 15301

June 18

Cranberry Township Municipal Building
Council Chambers
2525 Rochester Road
Cranberry Township, PA 16066

3

Meeting IDD&E MS4 Requirements: Recognizing, Reporting, and Eliminating Illicit Discharges

9 a.m. – Noon

Registration and light breakfast will begin at 8:30 a.m.

This workshop will provide a detailed overview of MS4 Minimum Control Measure #3 – Illicit Discharge Detection and Elimination (IDD&E). Topics will include developing and implementing an IDD&E plan, meeting mapping requirements, performing outfall screening, adopting required ordinances, and conducting educational outreach on IDD&E.

Workshop presenters will be from Pennoni Associates, Inc.

August 4

Greentree Municipal Building
10 W Manilla Ave
Pittsburgh, PA 15220

August 5

Westmoreland County Conservation District
218 Donohoe Road
Greensburg, PA 15601

Stay tuned for additional workshops in this MS4 series, including:
Construction Site Runoff Control and Post-Construction Stormwater Management,
Good Housekeeping / Pollution Prevention, and more!
